

Coronavirus (COVID 19) – Construction Friends and Partners

Intermountain Concrete Specialties

March 16, 2020

Dear Friends,

The Coronavirus (COVID 19) is a concern for all of us. We continue to monitor all of the information and recommendations coming out. Your safety and the safety of our employees are of the utmost importance to us. We felt it necessary to let you know of the steps we have been taking.

1. All locations are open regular business hours. No closures are scheduled. If we are federally-mandated to close, we will work with our different branches to ensure your needs are met and minimize any downtime that could incur.
2. If you aren't able to make it into one of our locations. Our sales staff are on hand and ready to help. We have delivery drivers ready to go when you need us. Please call your local branch or you may text the Salt Lake City & St. George locations on their main numbers.
3. We have been in contact with our suppliers to minimize any disruption in the Supply Chain. As of right now we are confident that we will have little to no disruption on direct or stock orders. If this changes we will make sure to keep you informed.
4. We have also taken steps to make sure there is cleanliness in all branches. Any surface that has contact with customers or employees will be wiped down on a regular basis.

As this situation continues to unfold please know that we are doing everything we can to make sure you are taken care of. We know that as we work together we all can get through this.

Wishing you the best,

From your friends at Intermountain Concrete Specialties
